SUMMARY

Passionate Software Developer with a BBA in Computer Applications and hands-on experience building full-stack web applications using Java, Spring Boot, React, Python, and MySQL. Skilled in developing REST APIs, implementing MVC architecture, designing relational databases, and writing clean, maintainable code. Seeking an opportunity to contribute as a Software Developer while continuously learning modern technologies.

SKILLS

Programming Languages

Java, Python, JavaScript, C, C++,

Frontend technologies

HTML,CSS, React

Backend Framework

Spring Boot, REST APIs, MVC Architecture

Database Management

MySQL,SQL

Tools & Platform

Git, GitHub, VS Code,IntelliJ IDEA, Linux Basics,Postman

Core Competencies

Data Structures, Problem Solving,OOP

PROJECTS

Shedula: AI-Powered Kanban Board 🔗

Full-stack Task Management System

- Built a full-stack task management application utilizing Java, Spring Boot, and React.
- Developed secure REST APIs and structured the MySQL database for smooth data flow.
- Designed a clean, intuitive UI focused on organizing user workflows and boosting productivity.
- Integrated Google Gemini AI to automatically generate tasks from project descriptions.

Crunchyroll:Anime Streaming Platform

Python Web Application

- Developed a content streaming platform from scratch using Python and MySQL.
- Engineered a dynamic database search feature, making it easy for users to discover content quickly.
- Built a responsive frontend using HTML and CSS for a seamless viewing experience across devices.

EDUCATION

Bachelor of Business Administration in Computer Applications (BBA-CA)

2023 – 2026

Pratibha College of Commerce and Computer Studies - Savitribai Phule Pune University

Pune Chinchwad

Focus on software development fundamentals, database management, business applications, and programming principles.

CERTIFICATES

Professional Diploma in Programming (240 Hours)

Core Technologies Covered: Core Java, Advanced Java, Python, C, and C++. Focused on programming fundamentals, logic building, and real-world project application

LANGUAGES

English

Professional Working Proficiency

Hindi

Native Speaker

Marathi

Native Speaker

INTERESTS

Product & UI Design — Focused on conceptualizing intuitive user experiences and exploring new design tools. |

Technical Problem Solving — Dedicated to practicing algorithmic logic and finding efficient solutions to complex coding challenges.
